Subject: Uber

I was disappointed to learn of your recent action to restrict the business operations of Uber in South Carolina. I have used this service in the states of Texas, Washington, Virginia as well as the District of Columbia. The Uber service is superior to standard regulated taxi options. The availability of Uber creates a better competitive market and an improved transportation network.

Uber has set the standard for consumer safety in South Carolina. All uberX rides are insured up to \$1,000,000, which is 20x the \$50,000 required of taxis in the state, and all drivers on the uberX platform must pass background checks at the county, state, and federal level before they are able to drive on the Uber platform. The commitment to safety exceeds the current state requirements. I am safer in an Uber vehicle than a standard taxi not to mention the convenience, attention to customer service and desirability to deliver a superior service to the consumer and taxpayers of South Carolina.

I urge you to reconsider your action against Uber and work towards a satisfactory conclusion which will allow Uber to serve the consumer, both residents and tourists of South Carolina.

I would welcome the opportunity to be part of a solution.

Jeff Randolph

To Whom it may concern,

I don't normally hire cabs or rides from this place to that. I also don't normally email Congressman or public service individuals but this time is an exception. Every single time I have had to hire a cab or a ride to take me somewhere I have gotten screwed. I've only hired Uber staff in Nashville. But on the 3-5 times I have done it, it has been wonderful. When was the last time you could say a cab ride was wonderful?

Screw insider gains....the same old doesn't have to be the standard. Uber is a great service and I support it. Break the mold, tear down the walls and let Uber COMPETE with the cabs. Nothing but good will come from it.

Patrick

This is written to urge you to reconsider your order directing Uber to cease and desist operations. As a customer of Uber I find the service they provide to be a very pleasant and competitive experience. Uber is my first choice when I am seeking a ride service.
